

## Environmental Policy

LETA/LEPA is cognisant of environmental degradation due to human activities.

LETA/LEPA will reduce the environmental impact due to its activities. LETA/LEPA will fulfil its obligations as follows:

1. LETA/LEPA will practice Reduce, Reuse and Recycle principles. Yogis and volunteers attending L LETA/LEPA's premises will be reminded of these principles by signs located at prominent locations
2. LETA/LEPA will reduce the use of water at its facilities by ensuring water saving taps and toilets are installed and in good maintenance to stop any leakages.
3. LETA/LEPA will encourage its volunteers to switch off electrical conveniences such as lights, AC and fans if no one present.
4. Where gas is available at a premise, gas heating would be preferred option
5. LETA/LEPA would reduce unnecessary travel to reduce carbon emissions
6. LETA/LEPA would reduce paper wastage by not printing if not necessary. Print media communication to public would be minimised and substituted by electronic media where possible
7. LETA/LEPA would not use single use plastic bags or single use plastic plates cups and cutlery in our event caterings. Where possible these would be substituted by metal utensils and cutlery or pressed plant-based bio-degradable utensils.

Signed.

A handwritten signature in blue ink, consisting of a stylized, cursive script that is difficult to decipher. It appears to start with a large, looped letter, possibly 'D' or 'D.', followed by several smaller, connected letters.

Director / Trustee LETA/LEPA.
